### DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-3, 7, 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Samejima et al. (JP02000342040A).

Jack & control device which can be hydraulic or screw type to adjust its length

***Notes In Re Claim 10***

3. It is noted that claim 10 does not set forth the jack system controlled by the brake pedal pertaining to the invention. In order to expedite prosecution of the case, a restriction requirement will be issued only after this warning, and only if this matter is not solved.

***Allowable Subject Matter***

4. Claims 4-6 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. Claims 8-9 are allowed.
